TBI Announces Relationship with TSR Solutions Data Center in Downtown Milwaukee, WI

January 23rd, 2009

Telecom Brokerage, Inc. (TBI) is pleased to announce a formal Agent Agreement with TSR Solutions, Inc. to utilize TSR's i-Site Data Center located in downtown Milwaukee, Wisconsin. TSR, a leading Wisconsin-based provider of technology and communication solutions with headquarters in Germantown, WI, has a state-of-the-art enterprise class co-location facility located at 324 E. Wisconsin Ave, in downtown Milwaukee. The Data Center has over 5,200 square feet of available space with cross connects from ATT, Norlight, US Signal, Savvis, Level 3, Cogent and others. TSR's i-Site Data Center currently provides clients with Co-location, Hosting, Disaster Recovery, Backup and Managed Services solutions in a highly redundant, secured environment. With its unique status as a carrier-neutral data center, the i-Site Data Center provides carrier and pricing advantages to businesses interested in the facility.

Geoffrey Shepstone, President TBI, Inc. stated... *"TSR Solutions has an established best-in-class data center in a key Midwest location that will provide our customer base with the quality services they demand."*

Tim Radtke, President and CEO of TSR Solutions, said ... *"We are very excited about working with the professional team at TBI. Our data center provides customers with comprehensive co-location, hosting and managed services so they can focus on their business - confident that their critical technology assets are secured, monitored and always available."*

For more information on TSR's i-Site Data Center, available services and pricing, please contact Chip Krebs, Director Data Center Operations at 262.512.4102.

Since 1991, Telecom Brokerage, Inc. has been a premier Master Agent for telecom services such as Internet, Data, Local, Long Distance and Managed Services. TBI simplifies the telecom purchasing experience for customers, empowering them with a truly un-biased consultative sales approach and award winning pre-sales and post-sales support.

TSR Solutions, Inc. is an award-winning technology solutions provider serving Wisconsin, the Mid-West and national businesses since 1991. TSR's technology solutions include a full suite of Data Center Services, Web Services, Application Development, Internet Services (ISP), Hosting, Infrastructure and Network Management, VoIP Telephony, and CRM.
